## INFORMATION FOR OUR CUSTOMERS

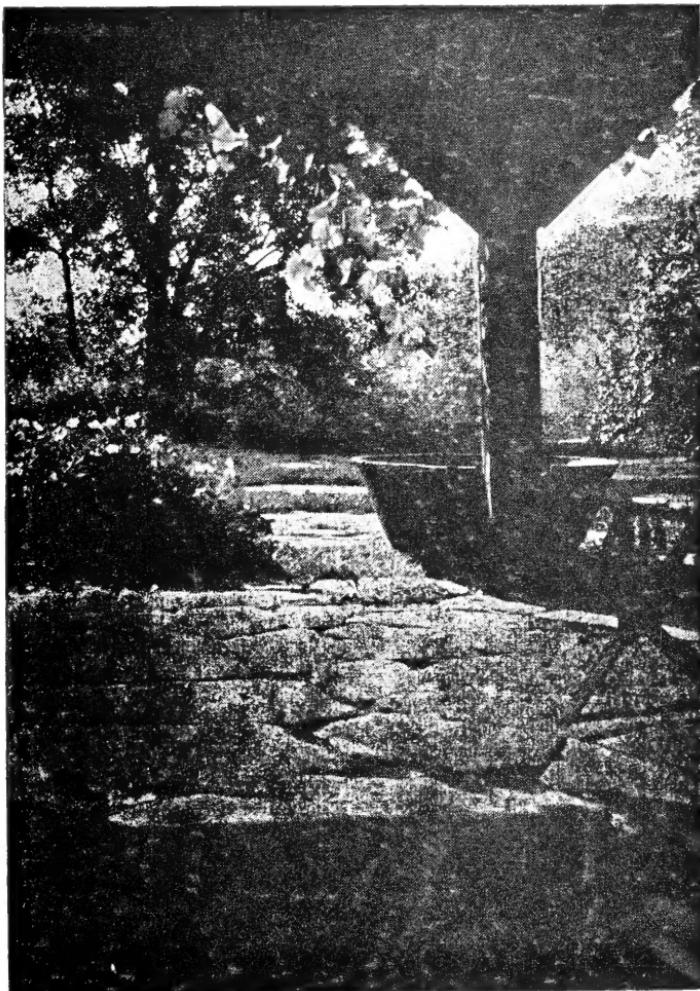

Williamsburg is situated eight miles from Northampton on the Berkshire Trail, Route 9. Our town is composed of two villages, the first one reached from Northampton is Haydenville. Drive on to the next one, Williamsburg. Turn right off Route 9 at the stone Meekins Library, cross the cement bridge, turn immediately left and proceed to the top of Village Hill.

We aim to furnish only healthy, vigorous plants correctly named to the best of our knowledge. We can not assume responsibility for damage to plants in transit or for customers' subsequent failures with plants due to weather, adverse soil conditions or improper handling. We gladly rectify mistakes for which we are responsible, if errors are reported within 10 days of receipt of plants.

We do a strictly retail cash business and bills are due when presented.

If you wish your order sent, we strongly urge special delivery Parcel Post for city dwellers; special handling for rural routes. We do not pay postage and there is a small charge for packing.

No orders shipped for less than \$1.00.

## **OUR GAY PUSS ON THE COVER IS 25 YEARS OLD!**

In the spring of 1929 we started our nursery with a total outlay of \$60 for pansies and geraniums and ended with a total loss of \$13.30. This is commonly called "starting from scratch." We survived the great depression and the 2nd World War and now face 1954 with faith in the future of our dream of a Home Nursery to serve garden lovers throughout the country.

It has been hard work and the loyal support of our customer friends which have made our dream come true and provided the wherewithal to serve an ever-widening group.

To you old friends goes our gratitude and to our new friends a welcome to Village Hill.

Special times to remember for visits are: EARLY MAY for wild flowers and flowering bulbs. MID-MAY for crab apples — over 70 varieties and the flowering walls and border. LAST OF MAY and EARLY JUNE for the French hybrid lilacs — over 100 varieties — and the azaleas. OCTOBER for Holland bulbs, gourds, colored corn and dried material for winter banquets. THROUGHOUT THE WINTER the greenhouse is full of interesting and unusual house plants.

We hope you will find useful the added features in our Herb List. Heights, hardiness and length of life will vary somewhat in different regions and soils but are given as our experience in western Massachusetts.

## PLANTS USED AS HERBS

TV—Tender vine  
 A—Annual  
 B—biennial  
 P—perennial

HP—Hardy perennial  
 HHP—Need protection  
 HBb—Hardy bulb  
 Sh—shrub

<i>Achillea</i>	<i>ageratifolia</i>	Aizoon Yarrow	10"	HP

Rain on your Herbs and Flowers that truly serve,  
And let your weeds lack dew and duly sterve.

—Old Song
